CCNS SA Named a Gold Partner By WatchGuard Technologies

*WatchGuard **Gold** partners represent the company's top resellers who bring the highest level of training and service to end users*

Seattle, December 20, 2017 – CCNS SA has been named a WatchGuardONE **Gold** Partner by WatchGuard® Technologies, a global leader in multi-function firewalls. WatchGuard's **Gold** level represents those partners who have made the commitment to the highest level of security expertise and service to WatchGuard's end customers.

"**CCNS SA**'s achievement is a clear reflection of their commitment to training and certification," said Alex Thurber, global vice president of sales, WatchGuard. "Getting network security right is critical for every organization, and simply put, well-trained and well-educated resellers have happier customers and end-users, with safer networks. We're proud to name **CCNS SA** as a **Gold** partner and we're confident they can bring the highest level of expertise to the table for end users in Poland."

About Partner
CCNS was founded in 1993 as a service partner of Convex Computer Corporation. In 1998 its main focus shifted towards security making CCNS the first and for many years the only WatchGuard Certified Partner in Poland. In addition, CCNS exclusively runs WatchGuard's Certified Training Centre that prepares for extended daily usage of WatchGuard devices as well as for external WatchGuard Certification. All above makes CCNS the most experienced and professional WatchGuard partner in Poland. CCNS is headquartered in Cracow, Lesser Poland Voivodeship, Poland. To learn more, visit http://CCNS.pl

About WatchGuardONE
WatchGuardONE is WatchGuard Technologies' global partner program. By focusing on value rather than volume, the program frees up WatchGuard partners to concentrate on the quality and competency of staffing, solutions and deployment, rather than margin alone. The WatchGuardONE channel program delivers three levels of certification - Silver, Gold and Platinum.
